PROFESSIONAL EXPERIENCE

ANTINO LABS

Feb - Aug, 2024

Software Developer Intern

- Worked on **REPL Sports** project, implementing ground and academy booking features, student progress reports, and subscription functionality to enhance user experience.
- Contributed to **Antino Labs' Resource Management System**, effectively planning, monitoring, and controlling resource usage to achieve organizational goals.
- Collaborated with a team to design and develop the **Kadam** job portal, integrating payment gateways, improving website performance, aesthetics, and resolving critical bugs. Additionally, worked on client-side projects like **Spyne AI**, developing advanced features like Canva-style filters.

RONI ANALYTICS

Sept, 2023 - March, 2024

Full Stack Developer Intern

- Collaborated with cross-functional teams to develop a **crypto analysis** and trading tool, focusing on building an intuitive interface with advanced data visualization for informed decision-making.
- Implemented real-time data updates using socket technology and advanced frontend visualization libraries like **ChartIQ**, improving the platform's analytical capabilities.
- Worked with design teams using **Figma** to create responsive websites and landing pages, ensuring maintainability and user-friendly design throughout the development process.

PROJECTS

Kadam

Role- Backend Developer

Tech:- MERN Stack

- Developed Kadam, a job referral solution for the blue-collar market, with modules that streamline management processes and improve efficiency for a seamless user experience.

Repl Sports

Role- Backend Developer

Tech:- Nest Js, My sql

- Developed and implemented **ground and academy booking** features, along with student progress reports and subscription functionality, significantly enhancing the platform's user experience.

Panda Terminal

Role- Frontend Developer

Tech:- React Js, Jotai, Chart IQ

- Developed a **crypto analysis tool** featuring customizable watchlists and real-time asset tracking, with an intuitive interface and advanced data visualization for informed decision-making.

EDUCATION

GLA University, Mathura

AUG 2020 - Present

Bachelor Of Technology in Computer Science

Chandanvan public School, Mathura

MAY 2016 - MAY 2019

Higher Secondary & Matriculation

ACHIEVEMENTS AND CERTIFICATES.

- Achieved the honor of winning a **gold medal** in Kabaddi at the **state-level** competition.
